JITENDRA KUSHWAH

Senior React Native Developer | iOS & Android Cross-Platform Applications

Indore, MP, India • jitendrakushwahsingh@gmail.com • +91 9009355417 • LinkedIn • GitHub • Portfolio

PROFESSIONAL SUMMARY

Mobile Application Developer with ~5 years of progressive experience at WebiWork Technologies building, optimizing, and releasing production iOS and Android apps using React Native, TypeScript, and React 18/19. Experienced in core mobile capabilities including background audio streaming with react-native-track-player, native module bridging with Swift and Kotlin, foreground download managers with @notifee/react-native, high-speed local storage with react-native-mmkv and AsyncStorage, and mobile payments with Stripe. Skilled in state management using Redux Toolkit, intuitive navigation with React Navigation, and integrating REST APIs with Axios.

TECHNICAL SKILLS

Mobile Technologies: React Native (v0.71–0.85), React.js (v18/19), TypeScript, JavaScript (ES6+), iOS & Android Bare Workflow
Native Bridging & Media: Native Module Bridging (Swift & Kotlin basics), react-native-track-player (Background Audio, Media Controls, Ducking), react-native-video
State & Local Storage: Redux Toolkit (RTK), Zustand, Context API, react-native-mmkv (High-Speed Local Storage), AsyncStorage
Background, Push & Tools: @notifee/react-native (Foreground Services), @stripe/stripe-react-native, Socket.io Client, FCM, i18next, Xcode, Android Studio, Gradle

PROFESSIONAL EXPERIENCE

WebiWork Technologies Pvt. Ltd. — Indore, MP, India **January 2022 – Present (~5 Years)**

Career Progression: *Senior React Native Developer (Late 2024–Present) • React Native Developer (Early 2023–Late 2024) • Junior Developer (Jan 2022–Early 2023)*

Senior React Native Developer

Late 2024 – Present

- **Suhavi Audiobook & Reader Mobile App:** Architected mobile app in React Native 0.81 and React 19; implemented background audio playback using `react-native-track-player` with lock-screen controls and audio ducking during incoming calls.
- **Offline Downloads & MMKV:** Built chapter download manager with `@notifee/react-native` foreground services, live progress notifications, and pause/resume support; integrated `react-native-mmkv` for high-speed offline library startup.
- **AutoSpa Mobile Inspection App:** Built React Native 0.85 inspection tool with camera permission handling, vehicle damage photo/video capture, multi-point service checklists, and offline caching via AsyncStorage.
- **Native Modules & Dictation:** Built native speech-to-text bridge module in Swift (iOS) and Kotlin (Android) for EasyTask; enabled field contractors to dictate project scopes via device speech recognition engines.
- **Localization & Themes:** Configured multi-language localization (English, Punjabi) using `i18next` and dynamic Light/Dark theme switching with React Context and persistent user preferences.
- **Performance Optimization:** Profiled mobile runtime performance using Flipper, eliminating redundant component re-renders, optimizing FlatList virtualization, and reducing app bundle size by ~25%.

React Native Developer

Early 2023 – Late 2024

- **LittleBigShed P2P Equipment Rental App:** Built iOS and Android apps using React Native 0.77 bare workflow; integrated `@stripe/stripe-react-native` PaymentSheet for card checkout, security deposits, and Apple Pay.
- **Real-Time Chat & Media:** Implemented in-app borrower-lender chat with Socket.io client, read receipts, and push notifications; developed video streaming screens for VideoApp with `react-native-video`.
- **Media Uploads:** Built photo/video upload workflows with client-side image compression before direct multipart upload to AWS S3.

Junior React Native Developer

January 2022 – Early 2023

- **ShopifyECommerce & UpSell:** Developed mobile e-commerce screens in React Native 0.71, managing cart state with AsyncStorage and Redux Toolkit; built dynamic homepage sliders and product grids.
- **Accurate Brahma Muhurta:** Developed utility app fetching GPS coordinates to calculate daily timings and schedule device alarms.
- **State Persistence & Offline Storage:** Managed persistent shopping cart state and user session storage using AsyncStorage and Redux Toolkit, ensuring smooth offline-first user experiences across app restarts.

KEY PROJECTS & ARCHITECTURE SUMMARY

Suhavi — Audiobook Streaming & eBook Reader Mobile App *React Native 0.81, React 19, Track Player, MMKV, Notifee, i18next*

Engineered cross-platform mobile audio experience with background service playback, lock-screen controls, chapter download queues via @notifee, and sub-50ms local library startup using react-native-mmkv.

EasyTask — Voice-Enabled Gig Marketplace Mobile App *React Native 0.81, Swift (iOS), Kotlin (Android), Native Modules, Redux, Socket.io*

Implemented native speech-to-text voice task creation via Swift/Kotlin bridging, real-time gig bidding updates via WebSockets, and smooth animated bottom-sheet UI components.

LittleBigShed & AutoSpa — Marketplace & Inspection Apps *React Native, Stripe PaymentSheet, Camera API, AsyncStorage, FCM*

Delivered P2P equipment rental mobile app with in-app card payments, deposit holds, and live messaging, alongside enterprise dealership vehicle inspection tool with offline photo caching.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Software Engineering — Sri Aurobindo Institute of Technology, Indore, MP, India — 2015 – 2019
